

# You, the Internet & Predators

If you use any of these...

...**READ ON!**

## MYTH

"Sex trafficking only happens when someone gets kidnapped."

## FACT

According to the National Center for Missing and Exploited Children, there are 750,000 predators online worldwide at any given moment.

## What is Sex Trafficking

- it occurs when someone under 18 years of age is used in any sexual act in exchange **for anything of value**, such as food, shelter, transportation, drugs, or protection. This includes any sex act such as stripping, prostitution, or taking sexual videos or photos.

More often than not, sex traffickers end up being people who seem trustworthy—that cute older guy in your DMs, the girl from the coffee shop you've been texting with, or unfortunately, even a well-known family member.

Instead of kidnapping their victims and keeping them in a dungeon, **they use their victim's love and trust to manipulate** them into **doing whatever they want**, including sexual acts, oftentimes without anyone around them knowing something is wrong.

MYTH

"Porn is not sex trafficking"

FACT

Any photos or videos that are sexually explicit and include minors are considered sex trafficking.

"It happens only to girls."

Predators will try to talk to any girls or guys who will engage in conversation. What seems like harmless texts and asks, can become something very harmful in the long run.

## Protect Yourself

aka, be more clever than they

- Make sure all of your accounts are private
- Don't use the same username in every app and game
- Only friend and talk to those people you know (in real life!)
- Don't accept digital \$, tips, or gifts in exchange for any picture
- All personal info (school, city, phone #, etc.) is private info
- Monitor your followers and block people you don't know
- Turn your location services off!

Stay Safe High Schoolers!

## Friend Requests

**red flags**

If the person's account is private and you don't recognize their profile pic or username, don't accept, and don't reply to them. It's not worth the risk!

Check out who they are following. This can be a huge indicator of someone's intentions.

Look into their bios. Although some traffickers are good at hiding their intentions, others are not so subtle.

## SEXTORTION

according to NCMEC, sextortion predators typically want to acquire more and more explicit material from the victim, get money or goods from them, or meet in person in order to engage in sex with the victim.

## online rule #1

Assume that nothing you share on the internet or text messages is private.

That data is stored on the cloud the moment you send it. Even deleted things can be found again.

think about

## Before sending intimate pics or vids to:

### Someone You Know

How well do you actually know them?

If they are your GF/BF, how do you know they won't want to send out revenge porn or post it on websites after the relationship ends?

### Someone You Don't Know

All of the above, AND

You may become a victim of sextortion, which is a form of sex trafficking.

You may be intimidated into meeting with them, meaning you may be physically endangering yourself.

## Take ACTION!

- ✓ Stop talking to them
- ✓ Block them everywhere
- ✓ Report the person to the app
- ✓ Save screenshots of your conversations with them
- ✓ Report them to National Center for Missing and Exploited Children (NCMEC) [CyberTipLine.org](https://www.cybertipline.org)
- ✓ Tell a safe adult!
