

Do you have a friend showing these signs?

- Sexting: sending/receiving sexual photos
- Unexplained absence from school
- Overly tired, falling asleep
- Sudden change in dress or style
- Hiding screen or being secretive with devices
- Withdrawn, depressed, or distracted
- Unexplained money or expensive items

Ask them if they are talking to someone who is:

- trying to move them to another app? (meet on Snap, talk on Insta)
- asking a lot of questions?
- coming at them from multiple profiles?
- asking for money, sexual content, or sexual favors?

Ask your friend:

1. Who are you talking to?
2. Why are you being so secretive?
3. Why are you tired all the time?
4. Is there something you feel like you can't tell me?

Your friend may be in trouble.
